Memorandum

*June 08, 2009
Agenda Item 4.2*

Date: May 27, 2009
To: Administration and Legislation Committee
From: Diane Stark, Senior Transportation Planner
Subject: **Update of Countywide Bicycle Plan**

Action Requested

The proposed update of the Countywide Bicycle Plan in FY 09/10 is estimated to cost \$165,000 for staff and consultants. This funding will be provided through a combination of \$130,000 of Measure B funds with a CMA match of \$35,000. It is recommended that the Board: 1) adopt the attached resolution number 09-04 authorizing the execution of a grant funding agreement with ACTIA, committing the necessary non-Measure B match, and stating the assurance to complete the project, and 2) authorize the Executive Director or his designee to enter into any agreements necessary to provide professional services for the preparation of the update of a Countywide Bicycle Plan not to exceed \$110,000. The required \$35,000 match is included in CMA's recommended Fiscal Year 2009/2010 budget.

Next Steps

ACTIA and CMA will enter into a funding agreement July 1, 2009. A consultant will be retained to prepare the Plan Update in fall 2009.

Discussion

The Countywide Bicycle Plan was last updated in 2006. ACTIA approved the CMA's application for \$130,000, with a match provided by CMA of \$35,000, to update the Bike Plan. The 2010 Bicycle Plan will update the bicycle network including high priority routes and maps, funding, policy and programs. It will discuss Transit Oriented Developments, transit priority zones & bicycles to and on transit. It will also include a climate change discussion in consideration of SB 375 and AB 32.

Consultants will be hired fall 2009 to begin the update. The Bicycle Plan Update is expected to be complete November 2010.

Financial Impact to CMA Budget

The revenues and costs associated with this project have been incorporated in the CMA's currently approved budget and will be funded through MTC Planning and Programming funds. No change to the CMA's approved budget is required.
